

HUGE BRITISH FLEET AWAITING GERMANS IN KIRKWALL HARBOR

Passengers on Frederick VIII.
Tell of Excitement Caused
by Air Raid on Edinburgh.

Passengers who arrived this morning on the Scandinavian-American liner Frederick VIII. from Christiania, Bergen and Copenhagen told interesting stories of the excitement caused at Kirkwall, Scotland, by the Zeppelin raid on Edinburgh the night of Sunday, April 2. The Frederick VIII. was at Kirkwall that day, undergoing the usual inspection of mail, passengers and cargo by the British authorities. When night fell extraordinary precautions were taken to prevent lights showing on any vessel in the harbor.

For Acid Stomachs Use Magnesia

Quickly Stops Sour, Burning Feeling and
Makes Digestion Painless.

The almost universal use of magnesia by physicians and specialists in the treatment of stomach troubles is due to the fact that it stops food fermentation and neutralizes the acid—the direct cause of nearly all stomach troubles. Of the many forms of magnesia, such as oxide, citrate, carbonate, sulphate, etc., the most soluble and efficient, and the one prescribed by leading specialists is bisulphate of magnesia, a teaspoonful of which in a little water immediately after eating will instantly neutralize the acid, stop fermentation, and thus insure painless normal digestion. Care should be taken to get bisulphate of magnesia, as its action is infinitely more effective. It is also, by the way, usually stocked by druggists in convenient compressed tablet form. Stomach sufferers and dyspeptics who follow this plan and avoid the use of pepsin, charcoal, soda, mint, drugs and medicine are invariably astonished to find that the stomach, relieved of the irritating acid and gas, soon regains its normal tone, and can do its work alone without the doubtful aid of artificial digestants.—Advt.

States for exhibition matches in the future. Charles Higgs, an American missionary stationed at Constantinople, left that city two weeks ago to-day, making a record trip home. The Frederick VIII. was eleven and one-half days coming over, and the rest of the time was consumed by Mr. Higgs in getting from Constantinople to Christiania. He gave credit for his fast trip to efficiency of the German railroad into Constantinople.

"There was a whole sea full of British battleships and auxiliary craft at Kirkwall," said H. C. Evans of Des Moines, one of the Ford party. "Evidently they were stationed there to head off the German fleet if it comes out that way. Apparently news of the approaching Zeppelin raid had reached the fleet, for that night we could see the red and green lights of a scout aeroplane hovering over the harbor. It had been rumored that a great German naval attack would be preceded by a Zeppelin raid, with the submarines coming next, and then the battleships."

The next day, before the examination of the Frederick VIII. had been more than half completed, she was ordered to proceed. A portion of her mail was removed, but none of the 1,000 passengers.

Louis Dembitzer, an importer of this city, returned on the Frederick VIII. from a trip to Germany, Russia and several of the neutral nations. "Money is plentiful in the neutral countries of Europe," he said, "but it won't buy much. The dealers have large stocks of luxuries, but necessities are hard to get. I took orders for a million dollars' worth of machinery, dry goods, farming implements and staples of all sorts." John Maloney of the Irish American Athletic Club, William Spengler of the New York Athletic Club and John Karpowsky of Cleveland, all amateur boxers, returned from a series of boxing contests abroad, in which they represented the Amateur Athletic Union of this country. They expect their trip will result in foreign amateur boxers coming to the United States for exhibition matches in the future.

CHILD SUFFERED UNTOLD AGONY

With Rash on Arms and Limbs.
Burned and Itched Horribly.
Disfigurement Was Awful.

HEALED BY CUTICURA SOAP AND OINTMENT

"My son was affected with a rash which covered his arms and limbs and annoyed him very much. The breaking out was in blotches which would burn and bleed, and the child suffered untold agony. The skin was very sore and inflamed and burned and itched horribly. He was cross and irritable and slept very little. The disfigurement was awful. I read a Cuticura Soap and Ointment advertisement and sent for a free sample. I noticed an improvement so I purchased more and after using the Cuticura Soap and Ointment for three months my boy was healed." (Signed) Mrs. W. M. Mann, Box 32, Syracuse, L. I., N. Y., Sept. 24, 1915.

Sample Each Free by Mail
With 32-p. Skin Book on request. Address post-card "Cuticura, Dept. T, Boston." Sold throughout the world.

What Do You Take for a Tonic?

Most Every One Needs
One in the Spring

Duffy's Pure Malt Whiskey

is Nature's true tonic-stimulant, made from sound grain, thoroughly malted and distilled to absolute purity, which characterizes it as a medicinal whiskey of the highest order. With its prescribed advice of a tablespoonful in water before meals and on going to bed, Duffy's gently stimulates the stomach to healthy action, improving the digestion and assimilation of food and in this way enriches the blood and brings strength and vigor to the system. If you feel "all tired out" after trying months of work have sapped your strength, you should, just as thousands of others do,

"Get Duffy's and Keep Well."

Sold in SEALED BOTTLES ONLY. Beware of imitations.
NOTE: Get Duffy's from your family wine store, licensed druggist or grocer. If he cannot supply you, write us. Send for useful household booklet free.
